

Thesis

Action Recognition and Localization

Stathis Galanakis

National University of Athens

October 29, 2019

Outline

1 Introduction

- Problem statement

Outline

1 Introduction

- Problem statement

2 Background

- Machine Learning
- Object Detectors
- Losses and Metrics

Outline

1 Introduction

- Problem statement

2 Background

- Machine Learning
- Object Detectors
- Losses and Metrics

3 Tube Proposal Network

- Approach 1
- Approach 2

Outline

1 Introduction

- Problem statement

2 Background

- Machine Learning
- Object Detectors
- Losses and Metrics

3 Tube Proposal Network

- Approach 1
- Approach 2

4 Connection Algorithm

- Approach 1
- Approach 2
- Approach 3

Outline

1 Introduction

- Problem statement

2 Background

- Machine Learning
- Object Detectors
- Losses and Metrics

3 Tube Proposal Network

- Approach 1
- Approach 2

4 Connection Algorithm

- Approach 1
- Approach 2
- Approach 3

5 Classification stage
